

2024 APPLICATION/AGREEMENT FOR EXHIBIT SPACE

Unified Wine & Grape Symposium
January 23-25, 2024 (Exhibits: January 24 & 25)
SAFE Credit Union Convention Center, Sacramento, California, USA

TERMS & CONDITIONS

By signing the 2024 Application/Agreement for Exhibit Space, Exhibitor agrees to upon acceptance by Unified Wine & Grape Symposium (UW&GS) and is bound by these Terms & Conditions set forth in this 2024 document. **These are the Terms & Conditions for your Agreement with UW&GS** to purchase booth space. The UW&GS reserves the right to modify these Terms & Conditions (except for pricing) and will notify you by email of any modifications. If you do not accept these Terms & Conditions, including any modifications, the deadline to cancel this Agreement without incurring a cancellation fee is August 31, 2023. All cancellations must be made in writing and received by UW&GS on or before any cancellation deadline.

This is not an application for UW&GS Sponsorship & Advertising Opportunities. If you or your company are interested in Sponsorship & Advertising opportunities, please contact UW&GS.

Exhibitor's Breach of Terms & Conditions

Exhibitor shall be responsible for the adherence to these Terms & Conditions by all of its officers, directors, employees, members, partners, its parent and/or subsidiary, successors, assigns agents, affiliates, sub-contractors, guests, or invitees. Exhibitor's breach of these Terms & Conditions may affect Exhibitor's rights to participate in the current UW&GS trade show and Exhibitor's eligibility for booth selection priority at future UW&GS trade shows. UW&GS reserves the right to restrict and/or dismiss without refund at any time any Exhibitor in violation of Restricted and/or Prohibited Booth Activities provisions set forth below.

Booth Types

Standard: All booths are 10 feet deep by 10 feet wide with the exception of island booths, large machinery booths and as indicated on the floor plan (Exhibit A). All aisles will be carpeted in the Level 1 exhibit area (Exhibit Halls A-D). The Level 2 exhibitor areas (Ballroom A and Ballroom B) are completely carpeted. Carpet for booths may be rented from Freeman for all locations. Standard booths may not exceed the back wall height of 8 feet, including signs or special lighting.

All standard booths and peninsulas must maintain the open sight lines as outlined in the Booth Construction Requirements. Failure to maintain sight lines and/or any violation of the Booth Construction Requirements may result in the dismantling of the booth and/or loss of priority points for future booth sales. No refunds will be issued for booths that are dismantled due to a violation of the Booth Construction Requirements.

Island: Renting island booths requires purchasing an additional two (2) booths to allow for 360 degree traffic access. For example, if a four (4) booth island is selected, Exhibitor will pay for six (6) booths. This requirement can be waived if the UW&GS does not have to remove booths to create the island. For example, if an island is created from a group of 10 ft. x 10 ft. booths with existing rows approved by the Fire Marshal, the UW&GS would not have to remove additional booths to make the island. Some islands are pre-drawn for aesthetic reasons with booths removed and renting two (2) additional booths would be required. If two (2) neighboring island booths exist, the two (2) Exhibitors will share the cost of the two (2) booths that would be removed.

Peninsula (Endcap): Peninsula booths, (two or more standard booths side by side at the end of an aisle, see Booth Construction Requirements) may not exceed the back wall height of eight (8) feet in the center ten (10) feet. Booths may also not exceed the back wall height of four (4) feet in the outer five (5) feet. Your booth neighbor also needs the same visual exposure from the aisles. (See Booth Construction Requirements.) Hanging signs are permitted only for peninsula booths consisting of four (4) or more standard booths. Hanging signs must be finished on all sides.

Large Machinery Booth: Designated booth areas are available for rental by suppliers that exhibit large machinery. Any equipment that has wheels must have rubber tires or a similar covering and all engines must have a drip pan underneath or Exhibitor will incur an additional expense for installation, removal and/or cleanup. This protection is required by the SAFE Credit Union Convention Center. Union labor spotting fees will apply for large machinery that can be driven directly into and out of the exhibit areas. This expense will be billed by Freeman. Refer to the Freeman Exhibitor Services Manual for more details and fees or contact Freeman for an estimate of fees.

Exhibitors who wish to exhibit in a Large Machinery Booth must meet our minimum equipment requirements. Large Machinery Booths are designed for the use of exhibitors who represent a piece of machinery that would be unable to fit into a standard booth space without violating the Booth Construction Requirements. Any exhibitor contracted at a discounted rate who does not meet the minimum machinery size at any time or does not exhibit the equipment listed during Pre-sales will be invoiced at the standard booth rate of \$24.00 per square foot. If you have any questions about the minimum size requirements, please contact UW&GS.

Floor Space

Island Booths & Large Machinery Booths: These areas are not restricted by the eight (8) foot height limitation for equipment. Full use of the floor space is permitted, however, any back walls or drapes set along the outer booth perimeter along an aisle shared with standard booths may not be higher than four (4) feet. Demonstration areas may not be set on the aisle line of the booths; space must be left within the exhibit area for attendees. Fire code stipulates that attendees or Exhibitor cannot interfere with the normal traffic flow in the aisles. If an unusual design is contemplated or if you are not certain if your booth meets show requirements, approval should be obtained from the UW&GS before proceeding with design and construction.

Large Machinery Booths (i.e.: Area E on the Booth Construction Requirements): For Double/Quad Large Machinery Booths, eight (8) foot high back wall drape will be placed on the inner common walls. Refer to the diagram in the Booth Construction Requirements for drape placement. Failure to follow the perimeter guidelines may result in the dismantling of the booth or loss of accrued booth assignment points for future booth sales. No refunds will be issued for booths that are dismantled due to a violation of a booth construction requirement.

All Booths: No exhibit will be permitted to span an aisle by ceiling or floor covering. Exposed or unfinished sides and/or exhibit backgrounds must be draped to present an attractive appearance. Refer to the Pre-Show Inspection section for more details.

Exhibit Areas Access for Booth Setup & Breakdown

In the interest of safety, only those individuals directly responsible for the setup and breakdown of the booth will be permitted in the exhibit area during setup and breakdown times. Work passes will be issued by the security guard at the exhibit entrances for each qualified individual upon entrance for setup. Please be prepared to provide identification and/or a business card. These passes will be good only during setup times (refer to Installation section). Please refer to Minors, Safety & Alcohol section for more details.

Admission to Exhibit Areas Early on Show Days

Exhibitor with badge will be permitted to enter the exhibit areas one and a half hours prior to the opening of exhibits each show day.

Installation

Large Machinery Booths: Exclusive setup for large machinery exhibitors will be on Sunday, January 21, from 10:00 am to 5:00 pm and Monday, January 22, from 8:00 am to 3:00 pm. Freeman will contact each large machinery Exhibitor to schedule an appointment.

All Other Booths: Exhibitor set up will be Monday, January 22, from 3:00 pm to 8:00 pm and Tuesday, January 23 from 8:00 am to 5:00 pm. Exhibitor may continue to work in their booth until 8:00 pm on Tuesday, January 23. Booths must be completely ready for the show by 8:00 am on Wednesday, January 24. Installation must be carried out during the times listed above. All crates must be available for removal no later than 4:00 pm on Tuesday, January 23. Authorized personnel may work in the booth until 8:00 pm on Tuesday, January 23. All empty crates must be removed from the aisles prior to 4:00 pm on Tuesday, January 23; "empty" stickers/labels are available at the Freeman Services Center. Contact UW&GS if you need to set up your display at a later time on this day. Any Exhibitor placing empty crates or cartons in the aisles after the aisles have been cleaned will be charged for removal and re-cleaning. Crates and their contents, if any, may be stored outside and exposed to weather conditions.

UW&GS assumes no liability for loss or damage to stored crates or their contents. Any exhibit not in the process of being installed by 4:00 pm on Tuesday, January 23, will be assembled by Freeman at Exhibitor's expense. No exhibit may be set up after the exposition opens.

There will be three (3) options for exhibitors to move-in/out their booth material and equipment into the convention center as designated on the floor plan diagram provided prior to move-in. Each of the options is based on specific terms and conditions as described in the Freeman Exhibitor Services Manual.

1. Hand carried items by Exhibitor – one (1) trip by one (1) person without a handcart or dolly
2. Privately Owned Vehicle (POV) Material Handling – provided by Union Labor
3. Loading Docks – provided by Union Labor

Hand carried items may only be brought into the designated entries of the convention center and until 5:00 pm on Tuesday, January 23. After this time you will be required to bring your hand carried items in by 7:30 am (PST) on Wednesday, January 24.

Pre-Show Inspection

A walkthrough by show management will begin by 5:00 pm on Tuesday, January 23, 2024. A Notice stipulating any required action will be posted at applicable booths.

Examples of notices issued are:

- Not setting up and occupying the booth assigned to your company as contracted
- Exceeding booth height and width restrictions as specified in the Booth Construction Requirements. (Note: Failure to follow or correct to meet the Booth Construction Requirements will result in the dismantling of the booth and/or loss of accrued booth assignment points for future booth sales. No refunds will be issued for booths that are dismantled due to a violation of the Booth Construction Requirements)
- Any popup, pre-fabricated or other custom designed booth that appears unfinished from side(s) or back (unfinished ends or backs will be draped by Freeman and billed to the primary contracted Exhibitor)
- Modifications or changes requested/required by facility officials, including but not limited to requests by the Fire Marshal

Any booths not meeting any of the Terms & Conditions by 7:30 am on Wednesday, January 24, 2024 will be in breach of this Agreement and in violation of show standards.

Dismantling of Exhibits

Schedule

The official closing time of the exposition is TBD on, Thursday, January 25, 2024. Exhibitors will be notified of the exact close of show time at a later date. The exhibit areas must be clear of all attendees before breakdown can begin. The return of empty crates/boxes will begin after all attendees have left the exhibit areas and aisle carpeting has been removed, approximately one (1) to two (2) hours after the close of the show.

Level 1: Halls A–D: Exhibitors in this area will have Thursday, January 25 from close of show–10:00 pm and Friday, January 26 from 8:00 am–2:00 pm to remove their exhibit materials from the SAFE Credit Union Convention Center.

Level 2: Ballroom A and Ballroom B: All exhibit materials must be packed and ready for removal no later than 10:00 pm, Thursday, January 25.

Please refer to the Installation section for detailed information on the three (3) move-in/out options to use during the dismantling of exhibits.

Early Breakdown

Breaking down early compromises the safety of everyone present in the trade show, negatively impacts the presentation of neighboring booths and risks poor representation of your company if a conference attendee visits your booth late in the day.

If **any** of the following occurs prior to close of show on Thursday, January 25, 2024 and regardless of the reason, the applicable UW&GS early breakdown violation will apply resulting in a deduction or forfeiture of accrued booth points determined at the sole discretion of the UW&GS. Early dismantling prior to close of show is a breach of this Agreement and includes: packing boxes, removing material and/or equipment, resulting in a partially empty or fully vacated booth and/or with no booth representatives present.

1. First time violation – a reduction of a fixed number of accrued booth points for the next year you contract UW&GS booth space as determined by UW&GS.
2. Second time violation – forfeiture of all points accrued at the end of the 2024 trade show. This will result in your company not being included in booth Pre-sales for the upcoming year trade show. If this occurs, your company can opt to be added to the future year wait list.

The Early Breakdown violations apply whether early breakdown occurs in consecutive years or not.

Sharing Exhibit Space

Although sharing your booth space may be allowed, Exhibitor shall not sell or sublease their booth space.

Only two (2) companies maximum may share booth space with a primary contracted exhibitor.

If a booth or booths are to be shared by companies whose products you do not legally represent and sell, the primary contracted Exhibitor (a contracted Exhibitor with accrued points that is eligible for a booth assignment is the primary contracted Exhibitor) must submit a letter of intent to share space that lists each company (two maximum) and complete contact information and product(s) or service(s) that will share the booth space. Additionally, a completed and signed booth sharing application with a non-refundable processing fee (see fees below) must be submitted by each company sharing booth space as well as a certificate of liability insurance and additional insured endorsement (form CG 2026). **A company may only share booth space with one (1) primary contracted Exhibitor. The primary contracted Exhibitor must be present at the show to be eligible for the next year's presales opportunity. Present is defined as: signage and products in the booth will be, at minimum, 50% for the Primary Contracted Exhibitor and the Primary Contracted Exhibitor will have, at a minimum, one (1) representative registered and present in the booth during trade show hours.** Pursuant to the indemnity clause on page 12, primary contracted Exhibitor agrees to indemnify for the acts and omissions of any and all persons and/or entities sharing booth space with the primary contracted Exhibitor.

Once all required booth sharing documents have been received and processed, the sharing company will receive their own registration login via email.

Booth sharing applications received prior to 5:00 pm (PST) on December 8, 2023 will be charged the early-bird rate of \$100. Applications received after 5:00 pm (PST) on December 8, 2023 will be charged the standard rate of \$200. Booth sharing applications received after 5:00 pm (PST) on January 5, 2024 will not be accepted.

Exhibitors that submit booth sharing applications that are accepted by UW&GS after December 8, 2023, may not be included in the printed Program & Exhibit Directory that is given on-site to attendees. They also may not be posted online based on the time line.

Primary contracted Exhibitor may not also share a booth with other primary contracted companies.

Booth Points & Waiting List

Only the primary contracted Exhibitor will be issued priority points and be eligible for booth sales in the next year. Exhibitor sharing space who is not the primary contracted Exhibitor can acquire booth space for future shows by joining the waiting list for booth assignment. Completing a waiting list application is future security for your company. If your business relationship with the primary contracted Exhibitor changes, any points you have accrued as a booth sharing Exhibitor will be applied if and when you contract for booth space as a primary contracted Exhibitor. However, you must be on the waiting list to be offered booth space. If you are not on the waiting list, you will not be considered for booth space. The waiting list assignments are made based on availability after the completion of booth presales for renewing Exhibitors.

One Exhibitor purchasing another Exhibitor's product line, purchasing an existing DBA or registering a new DBA or purchasing a company that solely exists for its product line (e.g. purchasing software to add to a software product portfolio for vineyard or winery services) does not substantiate application to be waitlisted for an additional booth.

Listing of Manufacturer's Representatives/Distributors Required

If primary contracted Exhibitor is legally representing more than one (1) company, such as in the case of a manufacturer's representative or a distributor, a fully completed list of **each** company whose products you will be representing in your booth must be submitted along with your completed application. If you did not completely fill in this information during the online Pre-sales process, please contact jen@asev.org. An example is representation of multiple products of multiple companies as identified on the primary company's website or other commercial material. This requirement is necessary to proceed with booth assignment and for registering your booth representatives with various company names. Pursuant to the indemnity clause on page 12, primary contracted Exhibitor agrees to indemnify for the acts and omissions of any and all companies represented by the primary contracted Exhibitor.

Manufacturers and specific products are not listed in the program or on website unless they are the primary contracted Exhibitor.

All manufacturer representatives/distributors applications are reviewed and acceptance of these applications is at the sole discretion of the UW&GS.

Fire Regulations

Permits may be required for any heat-producing device, hazardous electrical device or for the use or storage of compressed gases or combustion engines. The use of propane is restricted to forklifts only. When not in use, propane tanks are to be removed from the interior of the facility. Helium is not allowed. Certificates of flame-proofing are required. Decorative materials must be flame-proofed before being taken into the exhibit areas and must comply with fire regulations. Aisles and exits as designated on the approved plan shall be kept clean, clear and free of obstructions at all times during official show hours. Questions regarding the above should be directed to Freeman. Please refer to the Freeman Exhibitor Services Manual for complete fire regulations.

Compressed air cylinders, including LPG, are prohibited unless approved by the fire prevention office. Flammable gases, i.e. butane, propane, natural gas, et al; are subject to prior approval. Nonflammable compressed gas cylinders must be secured in an upright position with gauges and regulator protected against physical damage.

Any violations identified by the Fire Marshal must be corrected immediately. Failure to do so is a breach of this Agreement and will result in immediate dismantling of the booth and loss of priority points for future booth sales.

Vehicles & Motorized Equipment

Vehicles on display must have fuel filler caps locked or sealed to prevent escape of vapors and to avoid tampering. Batteries must be disconnected. Auxiliary batteries not connected to engine starting system may be left connected. External chargers are recommended for demonstration purposes. Fuel in the fuel tank shall not exceed one quarter (1/4) of the tank capacity or five (5) gallons, whichever is less.

Booth Assignment & Floor Plan Changes

Exhibitor agrees that UW&GS shall have the right, at its sole discretion, to make changes in these booth assignments or the trade show floor plan arrangement of booths. Exhibitor agrees that UW&GS is authorized to make any such changes throughout the UW&GS trade show.

Minors, Safety & Alcohol

Because of the presence of heavy equipment and other dangers, absolutely no children under the age of 18 are allowed in the exhibit areas during setup and breakdown times. Additionally, no one under 21 years of age will be permitted in the exhibit areas during trade show hours unless accompanied by a parent or guardian due to the service of alcoholic beverages, insurance and legal compliance.

Alcoholic Beverages & Food Service

The License Agreement with the City of Sacramento and the SAFE Credit Union Convention Center contracted caterer (Centerplate) combined with necessary compliance with the Department of California Alcoholic Beverage Control (ABC) statutes prohibit any food or beverage from outside sources being brought into the convention center except for specific ABC-sanctioned events such as the Regional Wine Tasting.

UW&GS cannot authorize or permit the distribution of alcoholic beverages in any form including samples in order to adhere to liquor license and other legal parameters. Bringing alcoholic beverages onto the grounds of the SAFE Credit Union Convention Center is a violation of legal statutes unless the appropriate license is issued in advance by the California Department of Alcoholic Beverage Control (ABC). However, the following will be permitted: 1.) bottles of wine for booth display purposes only that was commercially produced and purchased (with applicable taxes paid) (examples: bottle, label and/or closures display); 2.) small samples of wine that were commercially produced and purchased (with applicable taxes paid) to be used only to demonstrate analytical equipment (example: laboratory equipment).

The SAFE Credit Union Convention Center catering contractor (Centerplate) will not be able to rent glasses to any exhibitor. The serving of wine or other alcoholic beverages is prohibited by law other than by Centerplate based on the caterer's liquor license or other preauthorized liquor licenses issued by the California Department of Alcoholic Beverages Control (ABC). Any Exhibitor that brings any alcoholic beverage and/or food on to the premises of the SAFE Credit Union Convention Center will be in breach of this Agreement and required to cease serving such beverages or food. UW&GS reserves the right to confiscate any alcoholic beverage or food that UW&GS identifies as a potential violation of applicable laws or a potential exposure to civil or criminal liability. Additionally, such violation is a breach of this Agreement and will result in action by the UW&GS, the City of Sacramento and/or the ABC to remove the

entire display and exit booth representatives from the trade show altogether and at the violating Exhibitor's expense including but not limited to Exhibitor's indemnification of UW&GS for all liabilities, damages, actions, costs, losses, claims, expenses, penalties and fines resulting from any violation(s). Exhibitor understands and accepts these terms. No refunds will be issued for booths, displays or booth representatives removed from the trade show for a violation of this policy for alcoholic beverages.

It is mandatory for the UW&GS to adhere to these obligations to assure complete legal compliance and maintain necessary insurance policy coverage for the continuance of the UW&GS.

Events, Activities & Hospitality Suites

All requests for any Exhibitor events, activities and hospitality suites must first be approved by the UW&GS. Events may include: client/customer meetings, seminars, sessions, tastings, or receptions conducted at one of the UW&GS's contracted properties or off-property during the UW&GS dates. Exhibitor requesting a suite should notify the hotel if it will be used for hospitality. Industry-related events, entertainment and hospitality activities may not overlap with the UW&GS's scheduled program events. Such hospitality activities may only take place during the following times:

Tuesday, January 23	Before 8:30 am or 6:30 pm – on
Wednesday, January 24	Before 8:30 am or 6:15 pm – on
Thursday, January 25	Before 8:00 am or 2:45 pm – on

All other times are reserved for the UW&GS program. Exhibitor agrees to observe the above policy as a condition of exhibiting. Any event or other form of planned presentation that is scheduled other than during these approved hours will be regarded as a breach of this Agreement, which may result in Exhibitor losing some or all of its accrued booth assignment points.

Non-exhibiting suppliers will not be permitted to host events or hospitality functions at any UW&GS headquarter hotels, contracted hotel, or at any other facility or location. If a non-exhibiting supplier violates this policy, UW&GS reserves the right to exclude the company from this event in the future.

Change in Management or Ownership & Trade Show Rights

The UW&GS cannot become involved in the intricacies of determining the status and organizational aspects of purchasing or selling companies and/or associated products. The following allowances and parameters have been developed for consideration of more common business transaction scenarios.

The UW&GS shall not assume any responsibility or liability for an Exhibitor's changes that potentially impact the Exhibitor's organizational structure. Such changes may include lawsuits or similar legal activity between companies or legal changes such as mergers, acquisitions, bankruptcy and/or liquidation including auctions. It is the responsibility of all primary contracted exhibitors involved in a company purchase (merger, acquisition, etc.) to formally advise the UW&GS of such change inclusive of required documentation verifying such legal restructuring (e.g. public registrations, statement of information, organizational documents, press releases, news articles, website links). The UW&GS also shall not assume any responsibility for change such as when an individual marketing representative changes employment and/or is party to organizing a new or different company. **It is the Exhibitor's responsibility to update the UW&GS of any changes to any applicable personnel, contacts, contact email addresses, physical addresses or phone numbers.**

There are no trade show rights, such as accrued booth assignment points or booths that can be sold or transferred. Exhibitor understands and accepts that accrued points and associated booths are not owned or transferable by the Exhibitor. Exhibitor agrees that the use, allocation and assignment of accrued booth assignment points shall be at the sole discretion of UW&GS.

The UW&GS may consider variance in this policy in regard to accrued points (but not booths) IF it deems that the following is fully applicable and all specified documentation of such a change is provided as referenced above and in a timely manner by Exhibitor that is purchasing another company as follows: one Exhibitor is purchased by another Exhibitor as a whole and a similar product category continues to be offered with both companies having exhibited in the most recent show, (note: If one Exhibitor purchases another Exhibitor where both exhibitors are already contracted and paid per contract terms for the upcoming show with assigned booths then both assigned booths can be occupied for the upcoming show. However, the booth of the Exhibitor sold will not be included in pre-sales allowance for the purchasing Exhibitor in future years). If both the purchasing company and company being purchased already have booth assignment points, the company with the highest number of accrued points and booths will be retained for future booth assignments.

Exhibit booth space can be offered to separate legal entities (with separate Tax IDs) that may be owned by the same corporation. However, due to our commitment to provide booths to as many wine and grape industry suppliers as possible, we do not provide

additional booths for an Exhibitor that is expanding its service or product scope or to expand its product portfolio such as an existing software company purchasing multiple software companies. Additional and/or separate booth space cannot be offered for an Exhibitor's fictitious business name (DBA). Booth space cannot be offered to new legal entities which have a parent company or organization which is already an Exhibitor with an identical or similar product or service in the Unified Wine & Grape Symposium. Evaluations of what will be considered a wholly "new" service or product as opposed to a rebranding or relabeling of an existing product or service will be done by UW&GS on a case by case basis.

The contracted registration company, Convention Management Resources (CMR), provides registration services. It is expressly understood that CMR is an independent contractor, is not the agent or the employee of the UW&GS, and that the UW&GS shall have no liability to the Exhibitor or any other person or entity for the acts or omissions of CMR including but not limited to all liabilities, damages, actions, costs, losses, claims and expenses arising from products and/or services provided by the contracted event management company.

Use of Exhibitor Appointed Contractor (EAC)

Exhibitor who plans to appoint its own contractor (an EAC) is responsible for its EAC and that the EAC adheres to all EAC requirements described in Exhibit D. UW&GS strongly recommends Exhibitor does not commit to an EAC until: (1) UW&GS is advised of EAC being considered; and (2) Exhibitor provides EAC with Exhibit D from UW&GS 2024 Application/Agreement for Exhibit Space with assurance from EAC that it can meet all requirements. EAC will not be admitted to the UW&GS Trade Show Floor if EAC has not returned to UW&GS: (1) a completed Acceptance and Credit Card Authorization Form; and (2) insurance documents that have been determined by UW&GS to have met the requirements.

Union Jurisdictions

Union labor is required per collective bargaining contracts for the City of Sacramento. This applies to most of your exhibit material handling such as freight/drayage, electrical, plumbing and large equipment spotting. Information on labor and union jurisdictions will be included in the Freeman Exhibitor Services Manual.

Printed Material Distribution

Distribution of printed marketing material and/or publication by Exhibitor or by his or her agents is limited to the booth area rented in the exhibit areas, or in an approved hospitality suite. Such restriction also applies to distribution in the remainder of the SAFE Credit Union Convention Center, headquarter hotels, and contracted hotel properties for the 2024 UW&GS.

Restricted & Prohibited Booth Activities

EXHIBITOR GRANTS UW&GS THE SOLE DISCRETION TO IDENTIFY AND ENFORCE RESTRICTED AND PROHIBITED BOOTH ACTIVITIES BY ANY OF THE FOLLOWING: RESTRICTION OF EXHIBITOR'S USE OF BOOTH, DISMANTLING OF PART OR ALL OF EXHIBITOR'S BOOTH, REMOVAL OF BOOTH REPRESENTATIVES FROM THE TRADE SHOW AND/OR REDUCTION OR FORFEITURE OF ACCRUED BOOTH POINTS. EXHIBITOR UNDERSTANDS AND ACKNOWLEDGES THAT THE PRICE FOR BOOTH SPACE WOULD BE HIGHER IF UW&GS DID NOT HAVE THE SOLE DISCRETION TO IDENTIFY AND ENFORCE RESTRICTED AND PROHIBITED BOOTH ACTIVITIES DESCRIBED BELOW.

Any objections or complaints regarding violations by other exhibitors and/or official exhibitor appointed contractors (EAC) should be reported immediately to show management at show site.

If you do not understand or have questions about the Restricted and Prohibited Booth Activities described below, please contact UW&GS. If an unusual design is contemplated or if you are not certain if your booth meets show requirements, approval should be obtained from the UW&GS before proceeding with design and construction.

Restricted Booth Activities

Demonstrations: Exhibitor is permitted to demonstrate the Exhibitor's equipment and to make formal presentations regarding the product line(s) and/or service(s) in the booth.

As a matter of safety and courtesy to others, Exhibitor should conduct sales presentations and product demonstrations in a manner which assures all personnel and attendees are within the contracted exhibit space and not encroaching on the aisle or neighboring exhibits. It is the responsibility of Exhibitor to arrange displays, product presentation and demonstration areas to ensure compliance.

Special caution should be taken when demonstrating machinery or equipment that has moving parts, cooking equipment with an open flame, or any product that is otherwise potentially dangerous. Exhibitor should establish a minimum setback of three (3) feet and/or install hazard batteries and post warnings as necessary to prevent accidental injury to spectators. Sound demonstrations should not exceed 85 decibels. Additionally, demonstrations should only be conducted by qualified personnel.

Goods & Services Displayed: Exhibitor may not advertise or display goods or services other than those designated in the Agreement for Exhibit Space and either manufactured, distributed or sold by the Exhibitor.

Raffle Drawings are acceptable within a booth, but no public address system will be available or permitted for such Exhibitor activities.

Prohibited Booth Activities

Upon written request, the UW&GS may consider approval for animals used by a contracted exhibitor as part of its customary business operation with required licenses and/or permits. UW&GS has the sole discretion to accept or deny such written requests.

Attention-getting Devices or Activities: Entertainment or amusement, entertainers (inclusive of clowns, magicians, hypnotists, comedians, actors), dart games, or any other devices or activities that may extend into the aisle and/or compromise the safety of anyone in the vicinity are prohibited.

Exhibitor authorizes UW&GS and/or its official photographer to photograph Exhibitor, its employees, products and/or exhibits. Exhibitor expressly authorizes UW&GS to use any such photographs for any purpose including but not limited to use on the UW&GS website and in other publications to promote and advertise the UW&GS.

Selling on the Floor: Conducting actual sales of any product or service on the trade show floor during trade show hours does not comply with existing I.R.S. income tax regulations governing expositions organized by tax-exempt associations as applicable to the members of UW&GS. While distribution of pricing information in association with the product or service being displayed is acceptable, no "price tags" as you would see in a retail environment can be attached to items in your booth. All product presentations of any form may only be conducted by contracted exhibitors. If the UW&GS becomes aware of any selling on the trade show floor and Exhibitor ceases to stop selling after requested to do so by UW&GS, Exhibitor understands and agrees that the opportunity to apply for booth space in future years may not be offered by the UW&GS. Selling or actual sales are defined as; the exchange of payment for goods or services, including digital transactions.

If any selling activity occurs as described above, it is a breach of this Agreement and will result in a reduction or forfeiture of accrued booth points determined at the sole discretion of the UW&GS as follows:

The reasons for cancellation must be included in the written notice. The date the cancellation is received in writing will be the official cancellation date.

2. If Exhibitor cancels any booths on or after September 1, 2023, but prior to November 1, 2023, Exhibitor will forfeit 50% of the total contracted booth space fee of the canceled space unless the space can be reassigned. If the space can be reassigned, Exhibitor will forfeit 25% of the total contracted space fee to cover the overhead expenses incurred by the UW&GS.
